

# The Relationship Between Received Pressure and Same-Day MVPA

*Bayesian Hurdle-Lognormal Model Components: Fixed and Random Effects*

**Hurdle Component**

**Non-Zero Component**

**Combined Expected Value**

**Posterior Density of Fixed Effects**

*Transformed to Represent Multiplicative Changes in Odds Ratios or Expected Values*

Hurdle Component  
Non-Zero Component  
Combined

**Effect Direction**  
Negative (<1)  
Positive (>1)

Possible Values of Transformed Slopes
